WHAT IS THE HMO MASTERMIND?

The HMO Mastermind is a unique culture of forward thinking property investors, working in collaboration to achieve their goals and building profitable, sustainable and ethical HMO property businesses.

Held at the super cool and industrial Chimney House on Sheffield's iconic Kelham Island, The HMO Mastermind is a 12 month, goal orientated property and business development programme designed to help members excel their property business. Together, mastermind members can face their challenges, share their successes, learn from market leading experts and nurture best practice advice.
