WHAT IS THE HMO MASTERMIND?

The HMO Mastermind is an exclusive community of forward thinking property investors, working in collaboration to achieve their goals and build profitable, sustainable and ethical HMO property businesses.

Held online with the opportunity of face-to-face events, The HMO Mastermind is a 12-month, goal orientated property and business development programme designed to help members excel their property business.

Together, Mastermind members can face their challenges, share their successes, learn from market-leading experts and nurture best practice advice.
